

Dear Teachers and Students,

Rajan Amutha writing with love and affection. Here James, Juliut, Janet, Mercy and Jenifer are all well. Similarly I am very eager to hear from you all. I pray for your well being and long life.

My husband is going for work with no problem. Examination is going on for my children. The climate is very hot and no rain at all. How is the climate there? We celebrated the birthday of Jesus.

I thank you for the help you are doing. We pray for you and expecting the same from you.

Let me stop with an expectation of reply.

Yours lovingly,

Rajan Amutha
